Turning Concepts into Components | Mechanical Engineering Student | SAE BAJA Design Lead

Education

Maharaja Agrasen Institute of Technology, Delhi

Sept 2023- June 2027

B-Tech, Mechanical Engineering – Minor Specialization: CAD/CAM

CGPA: 8.1/10

Experience

Daikin Airconditioning India Pvt. Ltd.

June 2025 – July 2025

Intern

Rajasthan, India

- Performed hands-on installation, servicing, and diagnostics of Inverter Split, Cassette, and VRV HVAC systems
- Conducted component-level disassembly, inspection, and reassembly following industry servicing protocols

Harsh NDT & Inspection Services

July 2026 – Aug 2026

NDT Intern

Hybrid, Rajasthan, India

- Conducted RT and UT non-destructive testing on structural components, independently generating defect reports used for quality assurance sign-off.
- Developed practical understanding of industry-standard inspection protocols in an on-site, high-accountability environment.

National Service Scheme -NSS

Sept 2023 – March 2024

Student Volunteer

New Delhi, India

- Taught 20+ underprivileged children basic elementary education under the "Padhaku" wing, building consistency and communication skills outside a technical setting.
- Participated in college-level community drives and blood donation camps in collaboration with Rotary Blood Bank and Red Cross, coordinating logistics and on-ground outreach – including donating blood myself.

Projects

Team Jatayu - SAE Collegiate Club of MAIT | Manager, Design Lead

Oct. 2023 - Present

- Designed the chassis for the Baja SAE vehicle along with brake systems and wheel assemblies in SolidWorks, reducing chassis weight to 22.5 kg (a 10% reduction) while performing explicit dynamics analysis in ANSYS to validate structural integrity under impact loading
- Sponsorship Head** – led sponsorship acquisition, industry coordination, and stakeholder communication, securing funding through direct outreach to corporate and CSR partners
- Manufacturing & Design Head** – drove end-to-end manufacturing from SolidWorks models: fabrication, procurement, machining, and assembly coordination to meet competition-ready standards

ASME- MAIT SECTION | Core Committee member

Jan 2025 - Present

- Coordinated with core team to conduct mechanical workshops and technical speaker sessions; ensured logistics and communication flow.

Skills

Design & CAD Tools: SOLIDWORKS, KeyShot, Lotus Suspension, Onshape

Manufacturing: Additive Manufacturing, Subtractive Manufacturing

Simulation & Analysis: CAE (ANSYS, Finite Element Analysis, Explicit Dynamics Analysis)

Design Standards & Inspection: GD&T, Non-Destructive Testing (NDT) – Liquid Penetrant Testing (LPT), DFMEA

Other Tools: Microsoft Office Suite, Adobe Photoshop, Adobe Illustrator, CorelDraw

Soft Skills: Analytical Thinking, Problem Solving, Leadership, Time Management, Cross-Functional Collaboration, Project execution

Awards & Achievements

- Transitioned the team to eBAJA 2024** for the first time, clearing all dynamic events and securing AIR 19 Overall.
- AIR 6 Overall in ATVC 2025, including AIR 4 in Acceleration, AIR 4 in Maneuverability and AIR 5 in Endurance.
- AIR 16 Overall in eBAJA 2026, with AIR 5 in Mathworks Simulation, AIR 8 in Maneuverability, and AIR 17 in Endurance.
- PJMT Innovation Challenge – Shortlisted Candidate: **Recognized among 1000+ applicants.**
- Refcold India Technical Competition – Rank 11 (100+ Teams).**
- AIR 1 Overall EV Championship at ATVC Season 9 (2026),** Monark University, Ahmedabad.
- Selected to represent India at Baja Student Korea (BSK) 2026,** Gunsan Saemangeum Automobile Racing Circuit, South Korea (July 2026) – Team Jatayu becomes the **first Indian collegiate team** to compete in the E-Category at an international Baja event.
